

OMD EDUCATES: The Power of EMR: More impactful than your stethoscope!

In this session participants will learn about:

- Data in the EMR/ Coding your EMR for data migration/ Why good quality data matters/ Insights4Care (i4C Dashboard)
- Integrating Provincial Assets (OLIS, HRM, eConsult, eReferral)
- Searching, Reminders, Pathways

Panelists

Dr. Meera Shah
OntarioMD Family
Physician Peer Leader

Dr. Meera Shah is a Family Physician and Lead Clinician at Health Access Thorncliffe Park (HATP) & HATP School Based Clinic in Toronto, Ontario. She received her medical degree & completed her residency in family medicine and fellowship in Emergency Medicine all from the University of Toronto. Dr. Shah has a broad experience of practice, having worked in Emergency Medicine for 8 years, and now having a Primary Care Clinic and School-based Clinic practice in a Community Health Centre in Toronto, Ontario for several years. Meera has been involved in East Toronto Ontario Health Team initiatives primarily surrounding improved communication & secure integration with digital health tools between primary care, allied health and hospital staff. Dr. Shah is also a lecturer at the University of Toronto. She has been an OntarioMD Peer Leader since 2020 and hopes to use this forum to improve collaboration in virtual health tools across OHTs.

Dr. Paul Cano
OntarioMD Family
Physician Peer Leader

Dr. Paul Cano recently retired from 30 years of rural comprehensive family medicine in Niagara (Smithville and Grimsby). He continues to provide Hospitalist, Obstetrics, and Surgical Assists in his home community and is doing intermittent family practice locums in the north. He led his Family medicine group through EMR implementation (1999) and EMR migration (2006). The committees he has served on include ones for Primary Care EMR certification, Canada Health Infoway, and currently the eServices Steering Committee. He served as a primary preceptor for the McMaster Rural Family Medicine Residency Program and continues as its Faculty Development Coordinator. Paul is a local leader for changes such as implementation of an Alternate Payment Plan at the Grimsby Emergency Department, transition of his practice to a Family Health Network, starting a Hospitalist program, and Open access appointment booking.

Roger Mandjlekian
OntarioMD Clinic
Manager Peer Leader

Roger Mandjlekian received his Bachelor of Science in Biology at York University in 1999, and began his career as owner and operator of a small business franchise. In 2005, he used his entrepreneurial skills and science background to start the Gates of Maple Family Practice in Vaughan. He has played an integral role in the clinic's selection, implementation, and utilization of EMRs, as well as its workflow efficiency. In 2008, as a member of the Bathurst North Family Health Group EMR Selection Committee, he was responsible for evaluating various EMRs and making recommendations to the group's 49 physicians for the implementation of a common EMR software. He now acts as physician educator for the North Bathurst Family Health Organization, a group of 41 physicians. As a Clinic Manager Peer Leader since 2012, Roger continues to promote EMR adoption and utilization through various OntarioMD events and ongoing physician engagements.

This Group Learning program has been certified by the College of Family Physicians of Canada for up to 2 Mainpro+ credits.

Physicians must complete the evaluation to receive their CME certificate. At the end of the curriculum participants should have a better understanding and knowledge of digital health and virtual care tools and how to best implement to benefit their practice and patient care.

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada, and approved by the SOGC. You may claim a maximum of 8 hours (credits are automatically calculated) following the completion of the entire OMD Educates Digital Health and Virtual Care course in **October, 2021**. It is important that you fill out the evaluation (link provided during session) for each session to confirm attendance and receive your certificate.
