## What is the OntarioMD Peer Leader Program?

Digital health adoption is easier with support from peers who know the real-world challenges clinics face. From workflow improvements to EMR tips and tricks, OMD Peer Leaders use their experience to help you address digital health pain points and enhance patient care without adding to your workload.

As early adopters of new technologies, Peer Leaders show that positive change is possible! Whether you have your own practice or lead an Ontario Health Team (OHT) or Primary Care Network (PCN), OMD Peer Leaders can help you to:

1. Use Digital Solutions
2. Boost Efficiency Workflow with Certified EMRs
3. Engage Patients and Advocate for You.

*The OntarioMD Physician Peer Leader I worked with gave me good advice around workflow, billing and tracking. She also invited me and my staff to her office to see her workflow, and her staff members gave us further advice.*
