University Health Network is live on HRM!

The much anticipated implementation of HRM at the University Health Network (UHN) hospitals took place on February 6, 2017! Toronto General, Toronto Western, Princess Margaret and Toronto Rehab hospitals are sending medical record reports through HRM at this time. Diagnostic reports will follow and we will let physicians know when they become available.

Join us at the EMR: Every Step Conference on June 22 in Ottawa

Find out the latest news on HRM at the EMR: Every Step Conference on June 22, 2017 at the **Ottawa Conference Centre (200 Coventry Rd)**.

Meet with Practice Advisors and Peer Leaders to get tips on how to best leverage your use of HRM. [Register Today!](#)

HRM by the Numbers

14.1 MILLION Reports have been delivered to date

860,000 Reports delivered to clinicians in January 2017

6,900+ Clinicians live on HRM

183 Sending Facilities live on HRM

eNotifications by the Numbers

470,000 eNotifications have been delivered to date

4,314 HRM users have received eNotifications

39 Hospital Sites on eNotifications across **7 LHINs** In **LHIN 1 - All hospitals are sending eNotifications**

eNotifications: full steam ahead on expansion

eNotifications have proven to be a very valuable added service of HRM. Clinicians (physicians, nurse practitioners) learn within minutes of their patients' discharges from the Emergency Department or their admissions or discharges from in-patient units. eNotifications enable clinicians to follow up with patients much sooner to continue their care and reduce the likelihood of hospital readmissions. Currently available from 39 sending sites and being used by over 4,000 clinicians, eNotifications have received the green light to expand across Ontario.

Latest HRM Hospitals and Specialty Clinics

LHIN Hospitals and Specialty Clinics

1	Windsor Heart Institute
7	University Health Network
9	Ontario Shores Centre for Mental Health Sciences

Who is sending eNotifications?

The following hospitals have recently enabled eNotifications through CHRIS and HRM to certified EMRs.

HRM Support

HRM users should contact eHealth Ontario Service Desk at **1-866-250-1554** if they are experiencing any issues with HRM.

If you are switching EMRs (local to ASP, ASP to local, or from one EMR vendor to another), you must notify OntarioMD and work with your vendor to re-establish the HRM connection.

More about OntarioMD
